All timely submitted proposals and materials received in response to this RFP become the property of the Department and will be incorporated into any formal documentation and/or contract resulting from this RFP between the Department and the Vendor.

1.8.5 LATE PROPOSALS

It shall be the Vendor's sole risk to assure delivery at the receptionist's desk at the designated office by the designated time. Late proposals will not be opened and may be returned to the Vendor at the expense of the Vendor or destroyed if requested.

SECTION 2: STANDARD INFORMATION

2.0 AUTHORITY

This RFP is issued under the authority of Section 41-16-72 of the Alabama Code (Act 2001-956, 2001 3rd Sp. Sess., p 817, §1.). Any awards resulting from this RFP will be made based on stated evaluation criteria. The weight assigned to each criterion denotes the relative importance of that criterion. No criteria, other than that identified in this RFP, will be used.

2.1 VENDOR COMPETITION

In accordance with 45 CFR 74.43, the Department encourages free and open competition among Vendors. Whenever possible, the Department will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy the Department's need to procure technically sound, cost-effective services and supplies.

2.2 NONDISCRIMINATION

In accordance with 45 CFR 74.44, no person shall be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in the Department's contracted programs or activities on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal or Alabama State Constitutional or statutory law; nor shall they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with the Department or in the employment practices of the Department's contractors. Accordingly, all Vendors entering into contracts with the Department shall, upon request, be required to show proof of such nondiscrimination and to post in conspicuous places, available to all employees and applicants, notices of nondiscrimination

2.3 IMMIGRATION STATUS

Vendor's authorized person(s) within the agency must sign and submit *Appendix D* on the immigration status of all workers to be employed for the services described in this procurement. Vendors must attest that all workers will be citizens of the United States or at the time of employment will be in a proper and legal immigration status that authorizes them to be employed for pay within the United States.

2.4 PROPOSAL EFFECTIVE PERIOD

All proposals submitted in response to this RFP shall be effective for a 180-day period following the deadline for receipt of proposals as specified in the Schedule of Events and may not be modified, withdrawn or canceled by the Vendor during this period.

2.5 TRADE SECRETS

As part of the initial evaluation, the procurement officer in charge of this solicitation will review proposals received in response to this RFP, for any information deemed a "trade secret" by the vendor and separate identified parts of proposal from public viewing providing the following conditions have been met: (1) confidential information is clearly marked and separated from the rest of the proposal; (2) the proposal does not contain confidential material in the cost or price section; and (3) an affidavit from a Vendor's legal counsel attesting to and explaining the validity of the trade secret claim is attached to each proposal containing trade secrets. The Vendor's Legal Counsel must use the Department of Human Resources "Affidavit for Trade Secret Confidentiality" form when requesting the trade secret claim. The affidavit form (*Appendix C*) included in this RFP.

SECTION 2: STANDARD INFORMATION

Information separated out under this process will be available for review only by the procurement officer, the evaluation committee members, and limited other designees. Vendors must be prepared to pay all legal costs and fees associated with defending a claim for confidentiality in the event of a “right to know” (open records) request from another party.

2.6 PRE-SCREENING AND EVALUATION OF PROPOSALS

2.6.1 PRE-SCREENING

During the pre-screening, proposals will be reviewed to ensure compliance with all general and mandatory requirements. Upon completion of this initial review they will be classified “responsive” or “non-responsive”. However; proposals may be found non-responsive at any time during the evaluation process if the proposal does not meet the formatting requirements specified in the RFP; if any of the required information is not provided; or the submitted price is found to be excessive or inadequate as measured by criteria stated in the RFP. Proposals declared non-responsive, will not receive further consideration.

2.6.2 EVALUATION OF PROPOSALS

All responsive proposals will be evaluated against the stated criteria. However, this does not preclude the Department from any discussions/negotiations or requests for a best and final offer that it may deem necessary to assist in determining the Vendor. In scoring against stated criteria, the Department may consider such factors as accepted industry standards and a comparative evaluation of all other qualified RFP responses in terms of differing price, quality, and contractual factors to determine the most advantageous offering to the Department.

2.7 DISCUSSION/NEGOTIATION AND/OR ORAL PRESENTATION/PRODUCT DEMONSTRATION

After receipt of all proposals and prior to the determination of the award, the Department may initiate discussions with one or more Vendors should clarification or negotiation be necessary. Vendors may also be required to make an oral presentation and/or product demonstration to clarify their RFP response or to further define their offer. In either case, Vendors should be prepared to send qualified personnel to **Montgomery, Alabama**, to discuss technical and contractual aspects of the proposal. Oral presentations and product demonstrations, if requested, shall be at the Vendor’s expense.

2.8 BEST AND FINAL OFFER

The Department reserves the right to request a “best and final offer” for this RFP based on price/cost alone, from one or more Vendors if additional information is required to make a final decision. Vendors may be contacted asking that they submit their “best and final offer,” which must include any and all discussed and/or negotiated changes.

2.9 PUBLIC REQUESTS FOR INFORMATION

All information received in response to this RFP, including copyrighted material, is deemed public information and will be made available to the public upon requests shortly after the signing of a contract(s) with the exception of: (1) trade secrets meeting the requirements of the Alabama Trade Secrets Act, that have been properly marked, separated, and documented; and (2) any financial information requested by the Department, unless prior written consent has been given by the Vendor.

2.10 COST OF PREPARING A PROPOSAL

The Department is not liable for any expense incurred by the Vendor in the preparation and presentation of their proposal or any other costs incurred by the Vendor prior to execution of a contract. All costs are the responsibility of the Vendor.

2.11 DEPARTMENT'S RIGHTS RESERVED

While the Department has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by the Department to award and execute a contract. Upon determination such actions would be in its best interest, the Department, in its sole discretion, reserves the right to the following:

2.11.1 PRE-SELECTION DISCRETION

The Department reserves the right at its sole discretion, at any time and for any reason, to reject any or all of the proposals submitted in response to this RFP, or to cancel this RFP, if it is deemed by the Department to be in its best interest to do so.

2.11.2 POST-SELECTION DISCRETION

Upon selection of a proposal, the Department reserves the right, at its sole discretion, at any time and for any reason, to change its decision with respect to the selection and to select another proposal, or to cancel the RFP, if it is deemed by the Department to be in its best interest to do so.

2.11.3 WAIVERS

Notwithstanding the amendment provisions otherwise set forth herein, the Department reserves the right at its sole discretion, to waive any minor irregularity in an otherwise valid proposal which would not jeopardize the overall program and to award a contract on the basis of such a waiver in the event the Department determines that such award is in the best interest of the Department. Minor irregularities are those which will not have a significant adverse effect on the overall program cost or performance.

2.11.4 NEGOTIATIONS

The Department reserves the right to negotiate with any vendor whose proposal is within the competitive range, as specified in the RFP with respect to technical plan and cost, as well as to select a vendor other than the vendor offering the lowest price.

2.11.5 ADOPTION OF IDEAS

The Department reserves the right to adopt to its use all or any part, of a vendor's proposal and to use any idea or all ideas presented in a proposal.

2.11.6 ORAL PRESENTATIONS

The Department reserves the right to require some or all of the vendors to provide oral presentations of their proposals.

2.11.7 AMENDMENTS

The Department reserves the right to amend the RFP. Except as provided above with respect to "WAIVERS" made by the Department, all amendments to the RFP will be made by written addendum issued by the Department and posted to the web at www.dhr.state.al.us under this RFP link.

2.11.8 NO GUARANTEE OF CONTRACT

Selection of a proposal shall not be binding upon the Department and may or may not, at the Department's sole discretion, result in the Department entering into a contract with the vendor if it is in the best interest of Department not to proceed with contract execution.

2.11.9 RIGHT TO INVESTIGATE AND REJECT

The Department may make investigations as deemed necessary to determine the ability of the Vendor to perform the services specified. qualified to carry out the obligations of the contract. This includes the Department's ability to reject the proposal based on negative references.

2.11.10 DISCLAIMER

Issuance of this RFP does not constitute a commitment by the Department to select any proposal submitted in response to the RFP, or to award a contract to any vendor who responds to this RFP.

Note: All contracts awarded by this Department are subject to review and approval by the Legislative Oversight Committee and the Governor's Office.

SECTION 3: SCOPE OF PROJECT

3.0 PROGRAMMATIC INFORMATION

Individualized wraparound services are designed to meet the unique needs of individual children and their families and to empower families to cope with daily challenges without external agency involvement. A *Wraparound Team* will provide wraparound services to families who have an open Child Protective Services case with the Jefferson County Department of Human Resources. Services will consist of an array of comprehensive, intensive in-home services to children and families in the service caseload of the Department. Service delivery will occur primarily in the family home setting or other locations based on the identified needs of the children and families. Examples may include but not be limited to: relative home, foster home, school setting, etc. Vendors must identify how their programs will meet the criteria and staff credentials and agency requirements as outlined in the RFP and must fully describe the design of their *Wraparound Team*, including intensity, prevention, and re-unification services. Services must be provided to families and children daily. Because families and children are now receiving and will continue to have need of Wraparound Services, the selected vendor must be fully operational on December 01, 2007.

The Wraparound Team will provide ongoing, flexible services to meet the needs of the child and family, regardless of the complexity of the family dynamics or difficulty of behaviors presented. Services must not be limited to traditional interventions, but must be creative and innovate to build upon the strengths of the child and family and progress toward goals. The Wraparound team will monitor service plans and make revisions as necessary. The role of the team will be to work with the county office to develop Wraparound plans (ISP); plan for crisis; support the implementation of the plan; access informal and formal resources/supports; monitor services; inspire unconditional care; and, provide therapeutic foster care of the family for up to one year.

3.1 STAFF QUALIFICATION REQUIREMENTS

The proposal must address how the vendor will meet the following requirements and qualifications for staff in each category:

Vendors must be familiar with the County's policies and procedures regarding Wraparound Services and Medicaid Rehabilitation Claiming. Staff must be monitored for compliance.

All vendor staff providing in-home services must provide a physician's statement certifying they are free of infectious or contagious diseases. The program relies on a "team" approach because it is difficult for one worker to provide all concrete and counseling services to a family while objectively evaluating the family and its dynamics. Two workers must be assigned to each family for conducting the intervention with access to the team for support and back up. One worker will have primary responsibility for working with the family while the second worker will serve as back-up so continuity may continue in the absence of the primary Wraparound Team worker. Wraparound Team staff meetings should afford familiarity to all staff of Wraparound Team cases. Wraparound Team staff must be available to the Department seven (7) days a week, twenty-four (24) hours a day, 365 days per year. The Wraparound Team vendor will provide each Wraparound Team staff person with pagers and/or cell phones.

SUPERVISOR: The supervisor must possess master's degree or above from a university or college with an accredited program for the respective degrees in psychology, social work, counseling or other areas that require equivalent clinical course work. In addition, eligible individuals must have successfully completed a practicum as a part of the requirements for the degree or has six months postmaster's level clinical experience supervised by a master's level or above clinician with two years of postgraduate clinical experience. The supervisor must possess a valid Alabama driver's license, reliable transportation and liability insurance. The supervisor must

SECTION 3: SCOPE OF PROJECT

possess credentials that meet the requirements for delivery of therapy services, as required by Medicaid Vendor Manual, Medicaid Rehabilitative Services, 105 Rehabilitative Services – DHR, DYS, DMH, and DCA.

CASEWORKER(s): The caseworker must have a bachelor's degree in human service field (preferably in Social Work) with experience working with families, children and youth. The caseworker must possess a valid Alabama Driver's license, reliable transportation and liability insurance.

CLERICAL WORKER: The clerical worker will have a high school diploma, be at least twenty-one (21) years of age. The clerical worker must possess a valid Alabama driver's license, reliable transportation and liability insurance.

FAMILY SUPPORT WORKER: The family support worker must at a minimum possess a high school diploma or equivalent and have two years experience in working with families and children. The family support worker must possess a valid Alabama driver's license, reliable transportation and liability insurance.

TRANSPORTATION SPECIALIST: The transportation specialist will have a high school diploma, be at least twenty-one (21) years of age and have two years experience in working with families and children. The transportation specialist must possess a valid Alabama driver's license, reliable transportation and liability insurance.

3.2 NUMBER OF STAFF

The Wraparound Team will be staffed by: one (1) full-time Supervisor; two (2) full-time Caseworkers; one (1) Family Support Worker; one (1) Clerical Worker; and one (1) Transportation Specialist.

3.3 STAFFING AND CASELOAD RESTRICTIONS

The Wraparound Team will service a minimum of thirty (30) individuals or families based on the needs identified in the Individualized Service Plan (ISP) process. The supervisor will not only provide supervision and support to the case manager, family support workers, clerical worker and drive but will provide in-home counseling, crisis intervention and/or other services as identified in the ISP with no restriction on the caseload size.

3.4 AVAILABILITY OF SERVICES

Services will be available 24 hours a day/7days a week/365 days a year. Staff will be available by cell phone and/or pagers to the Department. The Wraparound Team supervisor must be accessible at all times to the Wraparound Team staff and the Department.

3.5 SERVICE DELIVERY

The service delivery process will begin when a referral is made by the Department to the Wraparound Team. Upon referral, the Department must document that the family is being referred for either prevention of placement or for assistance with re-unification. Such documentation, as well as other pertinent social history, along with a referral form completed by the Department's staff and a copy of the families ISP, must accompany the referral. All updates on each family must be received monthly. Admissions are denied only if there are no available slots, warranting placement on a waiting list. An exception to the written referral and documentation procedure may be made only by the Department supervisor in the event of an emergency ISP requiring immediate intervention services with written documentation to follow at a later time.

Wraparound Team workers will be accessible to take referrals for the Department workers twenty-four (24) hours a day, seven (7) days a week via phone and/or a cell phone or a pager system. At the time of the initial referral, an Intake Assessment meeting Medicaid requirements will be completed and a family client chart

SECTION 3: SCOPE OF PROJECT

developed by the Department's worker. All referrals will be channeled through the Wraparound Team Supervisor who will consult with the Wraparound Team workers regarding available service slots. All referrals received will be listed in chronological order and contacted in the order of referral. The Department's Wraparound Team coordinator will reserve the right to advance a referral on the waiting list deemed to need immediate services. If there are no openings, Wraparound Team staff will attempt to locate another agency or resource for the family in an attempt to stabilize the situation prior to the actual initiation of services.

The Wraparound Team supervisor must contact the Department's referral worker, within two days of an anticipated opening, to obtain updated information and arrange an initial visit with a new family. When possible Wraparound Team worker will attend the initial ISP to understand and be better prepared to provide services to the family. Any variation of this procedure must be approved by the Department.

The supportive service vendor will service a minimum of thirty (30) families at any given time, up to 120 families annually, based on the needs as identified in the ISP process. The *Wraparound Team* will accept cases (families) totaling thirty (30) hours of in-home services intervention per week. The thirty contact hours provided by the *Wraparound Team* will include travel time between client family homes and sufficient time for mental health consultation and documentation. The Wraparound Team will strive towards obtaining as many hours of in-home intervention as possible to meet the growing demands of referred families. The worker will serve the family through the home with work hours flexing to meet the criteria of the needs.

A case is identified as a family, not an individual child. Further, even if a child ultimately requires out-of-home placement, the services continue with the family to help them adjust to this transition and work towards reunification. Wraparound services are based on a perspective which views the family as a system consisting of all extended family members and support networks within the community. The Wraparound Team will work with families in their own homes where the problems are occurring and in the community. The Wraparound Team will seek to develop a family-like bond with all members of the client system to use the "extended family" relationship to help the family learn additional skills that they may use to function more effectively in the future.

The concept of unconditional care is reflected in an inclusive admission policy, the policy of accepting all referrals from the Department regardless of the difficulty of their behavioral problems, emotional disorders, handicaps, or needs. Admission is denied only if there is no available slot, warranting placement on a waiting list. Unconditional care is also reflected in the commitment to continue working with a child and family regardless of the problems that may arise during the services delivery process. Resistance, rejection and regression are seen as signals for new treatment approaches.

The Wraparound Team staff must be available twenty-four (24) hours a day, seven days a week to respond to crises. On-call responsibilities must rotate among staff, with each staff member remaining on-call for a one-week period. A cell phone service and/or pager system will be implemented to assure around-the-clock availability. The assigned Department on-call worker may attempt to reach one of the workers assigned to the family or may handle the situation personally. The Wraparound Team supervisor must provide back-up assistance in crises whenever necessary.

The Wraparound Team will provide interventions in alternate settings such as family home, the Department office, schools, courts, and other non-traditional settings which may include, but are not limited to: counseling-individual, marital, family or group counseling as deemed appropriate as identified in the treatment plan with focused treatment designed to maximize strengths and to reduce behavioral problems and/or functional deficits stemming from the existence of mental disorders or substance abuse problems, etc., that interfere with the client's personal, familial, vocational and/or community adjustments. Counseling may occur with face-to-face interventions where interventions are tailored towards achieving goals and/or objectives of the client's treatment plan. On-going assessments of the client/family presenting condition and progress will be noted in the on-going

SECTION 3: SCOPE OF PROJECT

treatment sessions. A variety of therapeutic approaches and techniques may be used depending upon the needs whereby a number of workers go to the family's home and see each family member individually. Subsequently, the entire group comes together and the workers share their impressions in an effort to encourage and facilitate family communication.

The worker may design special materials for individual families in order to facilitate learning of particular skills, which may include assistance in obtaining driver's license and/or GED classes.

Mental Health Consultation and Coordination – The Wraparound Team will work with a wide variety of community agencies and resources to coordinate and arrange for services needed by family members. For example, if there is a school problem, the worker will coordinate with school personnel to resolve conflict and advocate for needed services and support. A major aspect of the intervention involves connecting families with appropriate community resources for on-going services. This may include helping the family to obtain food, housing, clothing, financial assistance, transportation, medical or dental services, etc. While workers utilize an array of community support in this effort, they will also undertake to involve natural supports such as extended family when appropriate.

Family Support – The Wraparound Team service workers will help rehabilitate and strengthen the family's ability to provide a safe, nurturing home environment for their children. Direct services to the families will assist them in understanding the nature of the illness of their family members and help the child to be maintained in the community. 3.8 EJECT/REJECT POLICY

Vendors must define how the program will meet the criteria for no-rejections/no-ejections from the program. (Just a statement that they will not occur will not suffice for an explanation of how these requirements will be met.)

3.9 OUTCOMES

ISP needs will drive service delivery. Therefore, the successful completion of ISP (needs, strengths, goals, time-frames, steps) assignments for maximum outcomes for families, as determined by the family and the Department, as being satisfactory, is the expected outcome to be achieved for Wraparound Team. Vendors must indicate what measures a program will take if outcomes outlined in ISP's, crisis intervention, and treatment plans are not attained, as well as, how the program will improve above this threshold, once the program has become established.

3.10 QUALITY ASSURANCE

The vendor must also monitor services to children/families for individualized suitability as well as client participation. The cultural competency of the services must also be monitored.

Upon discharge from wraparound services, a discharge summary must be prepared and forwarded to the DHR caseworker.

Vendors must include specific language of how they will track children or youth who have received services through their program and how they plan to report to the Department the statistics received from the tracking. Proposals must indicate the areas that will be tracked and what outcomes are expected in each of the areas.

3.12 FOLLOW UP SERVICES

Another requirement of the Wraparound Program is that discharge planning and follow up for families begin at the point of admission/intake and be jointly agreed upon by all parties after goals and objectives have been achieved or discontinued.

The following procedures for aftercare/follow-up for Wraparound Services must be formed:

- A. An estimated length of treatment and number of weekly contacts will be discussed with the family during the process of establishing goals.

The Department will have an expectation that providers will bill for all Medicaid services performed for Medicaid eligible children.

3.14 COLLABORATION WITH THE DEPARTMENT

Each proposal must describe how the agency will ensure that the Department case worker and the agency case manager for the family will meet to de-brief cases to ensure that barriers to goal accomplishment are identified and that progress is being made. 2. I am aware that the Vendor is submitting a proposal to the Alabama Department of Human Resources for RFP # _____. Public agencies in Alabama are required by Alabama law to permit the public to examine documents that are kept or maintained by the public agencies, other than those legitimately meeting the provisions of the Alabama Trade Secrets Act, Alabama Code Section 8-27-1, and that the Department is required to review claims of trade secret confidentiality.

3. I have read and am familiar with the provisions of the Alabama Trade Secrets Act, am familiar with the case law interpreting it, and understand that all information received in response to this RFP will be available for public examination except for:

- (a) trade secrets meeting the requirements of the Act; and
- (b) information requested by the Department to establish vendor responsibility

unless prior written consent has been given by the vendor.

4. I am aware that in order for the Vendor to claim confidential material, this affidavit must be fully completed and submitted to the Department, and the following conditions must be met by the Vendor:

- (a) information to be withheld under a claim of confidentiality must be clearly marked and separated from the rest of the proposal;

The Department will inform the Vendor in writing of any open records request that is made, and the Vendor will have five working days from receipt of the notice to notify the Department in writing whether the Vendor opposes the request or not. Failure to provide that notice in writing will waive the claim of trade secret confidentiality, and allow the Department to treat the documents as a public record.
